Boys' Industrial School Finds
Favor With Visiting Legislators

Chairman Long and members of the House Education Committee conducted on Sunday a large number of the members of the House to the Waialea Boys' Industrial School. Superintendent of Public Instruction Habbitt was guide and counselor. The party left the depot at 8:22 and arrived at the school gate at 10:50, where Superintendent Gibson of the Boys' School received his legislative guests. Upon arriving at the school premises the school battalion, 168 strong, divided into two companies and in their dress uniforms with white hats, stood at attention and saluted their guests. Headed by Superintendents Habbitt and Gibson, the members marched through the lines while the school band, consisting of three flute players and two drummers, played the "Star Spangled Banner." Old Glory waved from the flagstaff. The members were immediately invited to inspect the dormitories. The larger boys domicile themselves in the Dormitory A, while the smaller ones are quartered in Dormitory B. The school reserves one room for hospital purposes, while the rest is used for school-room work.

The boys make their own mattresses which are always kept clean and sanitary. The outbuildings, which include carriage house, stable, chicken coop, pig pen and all other small houses, were all built by the boys. They are always kept clean and Superintendent Gibson was the recipient of many congratulations. The machine shop, which was also built by the boys, under the supervision of G. W. Cross, is arranged comfortably on the lower portion of the ground and is run by water power.

Jim Kuoha, who is in charge of the field work, gives the boys alternately military instruction, and the vegetable gardens, which provide for the school, are always kept in good condition. Albert Kane is the music teacher, and a sample of his work received the praise of all the members. At night time the boys are placed in charge of W. M. Huby, who spoke very highly of the boys' behavior.

Assistant Superintendent O. T. Boardman, in his genial and pleasant manner, is well spoken of by the boys. Superintendent Gibson said that Captain Kekela of the school battalion is mechanically valuable and useful, in that he does all repairing of plumbing, carpentry and electrical work. After the members visited all the shops they assembled about the inn, which was fittingly stationed near the fish pond, and saw the cooking of pigs, fish, potatoes and other Hawaiian delicacies. The fish, which was subsequently served on the table, was netted out of the pond and was especially good eating.

At 12 o'clock Superintendent Gibson invited his legislative guests to the dining room, which was beautifully decorated. Mrs. Gibson, in her kindly manner, received the guests and especially saw that they were comfortably provided for. The lunch consisted of the Hawaiian egg-potatoes, poi, roast pigs, fish, raw fish, and all Hawaiian necessities, which constitute a huan, all of which were procured right on the school premises.

After all had been seated, at the instance of Speaker Holstein, who presided, Representative Keouli offered blessing. All the members, as soon as the blessing had been said, put aside their dignity and surrendered themselves to the joy of the huan. Before the huan was quite completed, Speaker Holstein extended complimentary remarks to Superintendent and Mrs. Gibson, who had arranged for such a splendid and luxurious table. In closing, he thanked Superintendent Habbitt of Public Instruction for the preparation made for the members.

Speaker Holstein called on Representatives Kalekopa, Castro, Senator Lane, Rawlins, and Superintendents Habbitt and Gibson for speeches, which were quickly responded to by the members. While the speeches were of the same tenor they were very instructive. Before leaving the dining room Speaker Holstein again thanked Superintendent and Mrs. Gibson as well as Superintendent Habbitt for the dinner and courtesy shown the members.

ON THE CAMPUS Superintendent Gibson, who had thrown his house open to the legislative members, gave a fire drill exhibition, which was signalled by the bugle calls. The boys were very quick and efficient in their drill and showed no sign of hesitancy in climbing up the main two-story dormitories by means of ladders and other fire appliances. In a minute and a half the hose was up and water played over the hottest spot of the supposed fire. Every move was signalled by Bugler Santiago. Superintendent Gibson turned in the fire alarm from the flagstaff, and in a very few moments the boys were on the campus ready to extinguish any actual fire.

Superintendent Gibson was highly complimented by the members for the splendid discipline and efficiency of the boys. Chairman Pail of the Military Committee, who evidently knew something about military tactics, made a very searching inspection of the

school battalion and complimented the officers for their efforts in bringing them to a high standard and making the boys future defenders of the Stars and Stripes. Representative Long of the Education Committee made a brief address to the boys and advised them to make themselves worthy of the consideration of the community after they leave the school. Representative Sheldon spoke on the subject of obedience and above all things advised his young hearers to revere their Maker and their God. The school, under the leadership of A. Kane, sang "Hawaii Ponoi" and "America" in closing, after which the members were escorted to the main gate, where they were once more honored with the military salute.

In response to questions propounded by some of the members, Superintendent Gibson said that there are about 23 kuleanas in the immediate vicinity of the school containing about 170 acres in all. Some of the kuleanas were given to the land office in 1900 and in 1903 the school was built. The titles of those kuleanas are so complicated that proper development cannot go forward. Superintendent of Public Instruction Habbitt had tried to exchange lands so as to acquire those kuleanas, but has been unsuccessful. The school property is bisected by the Government road, a large portion of which can not be utilized. Water rights today are just as questionable as they were in the past and the only means of acquiring those kuleanas is by condemnation proceedings.

In answering Senator Lane's question, Superintendent Gibson said that the lands are valued at about \$200. While the institution is now supported by the Territory, Gibson hopes that some day the institution could be made self-supporting. The school on last year supplied the Girls' School with stock, vegetables and has 60 holidays. The Insane Asylum, Gibson said, could also be supplied by the school, if the kuleanas could be acquired.

Those who went down yesterday were Speaker Holstein, Clerk Wilson and Nalpo, Representatives Sheldon, Pail and wife, Keouli, Hughes, Kalekopa, Castro, Joseph, Rawlins, Pail, Long, Waiwale, Kahuna, Akani, Cony, Nakaleka and wife, Kahana and wife, Nalima, Silva, Mahoe and wife, Deputy Sheriff Jarrett, Superintendent of Public Instruction Habbitt, Senator Lane, E. Woodward, Messenger Sheldon, Sergeant-at-Arms Kawewehi and Wm. Kamaikawoo.

The members left the school at 2:30 p. m. for Waialea, where they waited away the rest of the afternoon.

JUSTICE AS RUN
IN COUNTRY COURT

Kau, Hawaii, March 22.—The Justice wheel grinds everywhere; at times the product of the grinding is not tempered justice, but a sharpened weapon of revenge.

The eruption of a Portuguese family, whose action got as far as first hearing in the courts here Monday, is an example of this preface.

The Judge had driven eight miles. He announced, "Court is in session." The prosecutors and the defendant looked on, the onlookers interested. The Sheriff read the warrant.

Defendant was charged with larceny in the second degree. Uninformed ones wondered what it was he had stolen—a horse, saddle or what-not.

The defendant was called. Was he a desperate-looking character? Judge. He might have been nineteen; was much abashed in the Court's presence, and his eyes looked restlessly around the court room, seeking solace from his evident shame at having to face such a charge.

Desperado, wasn't he? Why, he had stolen a dog-collar, so it developed in a few moments. That is, it was claimed he had. It remains to be seen, as the absence of an attorney postponed the grinding of the Justice wheel for several days.

The facts of the case? Why he preferred remaining with his father when the family division occurred, and now he is to be branded a criminal. That's what some people think the law is for.

Madrid, Spain, March 8.—In the sailing today of the steamer Hellopolis, from Malaga, with 2,000 Andalusian emigrants, bound for Hawaii, is revealed, according to a general belief here, a plan of the United States authorities to checkmate Japan in her apparent scheme of colonizing the Hawaiian Islands with Japanese. The Andalusians are only the advance guard of emigrants who will be sent to the islands. Other shippings have already been arranged. The Washington authorities are encouraging this emigration with the hope of filling the islands with white settlers.

WAITY BLDG. 74 S. KING ST.

Is Iaukea
After Ewa

A strong rumor coming from very good authority is going the rounds to the effect that Sheriff Iaukea is preparing to bring serious charges against the Ewa police for allowing direct violations of the laws in regard to liquor and gambling without interference. The facts as given are that for the past two months a special officer named Duncan has been working up evidence and that the matter has about come to a head.

Sheriff Iaukea states that he has had no one in Ewa watching the police but that he intends to investigate a charge of drunkenness which has been made against one of the Ewa officers. He also says that Duncan is not working for the police department and has not been for the past two months. He says that he is not satisfied with the way in which the country police are doing their work and that he means to have special officers from this city look after such cases as are reported directly here and prosecute the cases through the local courts.

BAND CONCERT

A public concert by the Hawaiian band will be given at Emma Square at 7:30 this evening, when the following program will be played:

PART I
Overture: "Call of Bagdad" Boieldieu
March: "Appassionata" Sterner
"Rondo Lontano" Gillet
Selection: "Ernan" VerdiPART II
Vocal: Hawaiian Songs, arr. by Berger
Selection: "Rose of Shiraz" Ellenberg
Finale: Three new marches,
(a) "Theodore Roosevelt" Vandercloot
(b) "The Spectral" Phillips
(c) "Triumphal" Doble

"The Star-Spangled Banner"

CRAP-PLAYER GETS 30 DAYS

Bill McShane found out that the steady job of a gambler is hardly a paying one in Honolulu this morning when he was brought before Judge Whitney. He was not at all bashful in telling the judge that he made his living by shooting craps and that he was guilty of the charge for which he was being tried. Judge Whitney responded with a 30-day sentence.

KAU LAVA FLOW
IS STILL HOT BELOW

(Special to The Bulletin)

Waiolu, Hawaii, March 22.—Bottles mark the trail of the sightseer, who a few weeks ago traveled out of here to view the lava flow from Mauna Loa.

The flow today is not cool. Riding onto the flow and to the backward out of a stiff, cool breeze, the air becomes warm. One foot beneath the surface of the recent flow, one can find clinkers that are still hot.

A horse trail has been worn across the flow to Kona that is just passable, but it is a menace to a horse's limbs.

The lava has not yet settled. When walking over it, excepting on the horse path, and when crossing the covered blow-holes, the lava loosened will sink toward the bottom, clinking like slak-on glass.

CARD OF THANKS.

Mrs. Heminger desires to thank her many friends, especially those of Paolo valley, for their many kindnesses during her recent bereavement.

MEN ADMIRE

a pretty face, a good figure, but sooner or later learn that the healthy, happy, contented woman is most of all to be admired. Women troubled with fainting spells, irregularities, nervous irritability, backache, the "blues," and those dreadful dragging sensations, cannot hope to be happy or popular, and advancement in either home, business or social life is impossible.

The cause of these troubles, however, yields quickly to Lydia E. Pinkham's Vegetable Compound made from native roots and herbs. It acts at once upon the organ afflicted and the nerve centers, dispelling effectually all those distressing symptoms. No other medicine in the country has received such unqualified endorsement or has such a record of cures of female ills as has

Lydia E. Pinkham's Vegetable Compound

Miss Emma Runtzler, of 631 State St., Schenectady, N. Y., writes:—"For a long time I was troubled with a weakness which seemed to drain all my strength away. I had dull headaches, was nervous, irritable, and all worn out. Chancing to read one of your advertisements of a case similar to mine cured by Lydia E. Pinkham's Vegetable Compound, I decided to try it and I cannot express my gratitude for the benefit received. I am entirely well and feel like a new person."

Lydia E. Pinkham's Vegetable Compound is the most successful remedy for all forms of Female Complaints, Weak Back, Falling and Displacements, Inflammation and Ulceration, and is invaluable in preparing for childbirth and the Change of Life.

Mrs. Pinkham's Standing Invitation to Women

Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. Her advice is free and always helpful.

MISS EMMA RUNTZLER

RUSSIANS MIGHT COME

It would seem that Hawaii has another source from which to draw a desirable labor class if the opportunity presents itself. The following letter on the all-important question has been lately received by the Governor:

Vladivostok, Feb. 23, 1907.
To His Excellency the Governor, Territory of Hawaii.

Sir—I have received an inquiry as to the conditions under which Russian immigration could be admitted to the Hawaiian Islands. It appears that in the spring representatives of villages in Russia are coming to seek locations for the whole or large parts of their communities. It was suggested that two or three such representatives could be given a free passage to Hawaii to investigate the conditions there. A considerable number of Russian laborers and their families might be attracted to the islands as a result of their reports.

Will you kindly inform me whether there is any room for such immigration into the Territory and also whether, in the case of able bodied men and women, the immigration authorities would insist on each one having with him fifty dollars.

I have the honor to be, sir, your obedient servant.

ROGER S. GREENE.

WAIALUA OFFICER FINED

As a result of the report that the Waialea police went on a fishing excursion, Sheriff Iaukea went down to Waialea yesterday morning to find out for himself what had actually taken place. The officer referred to is Kini, an oldtimer and a very efficient man. When Sheriff Iaukea was approached on the subject he said that a report had been made to Kini to the effect that a number of Hawaiian fishermen were preparing to go out fishing and would use explosives. He went down to the beach and watched the doing of the fishermen. They did not use powder at all, but carried Japanese nets instead.

Kini sat there for some time till he was tired of waiting for the reported explosion. Thinking that Deputy Sheriff Cox had come up town, he joined in and caught some fish. When he returned he found that Deputy Sheriff Cox had been looking for him. Officer Kini was called before Sheriff Iaukea. Deputy Sheriff Cox, Supervisor Cox and Judge Mahalo yesterday for investigation. After the sheriff had been convinced of the intention of the officer, the later was fined one day's pay and given a stiff lecture by the Sheriff. He will not be suspended from the force.
